Dear Mr. Hall:

We are pleased to learn from our outside counsel, Mr. Garrett, that EPA has reviewed the comments that we submitted on the proposed metal molding and copper forming regulations. It is my understanding that you and your staff are not in a position to discuss with us the Agency's response to our comments. I would like to reiterate our previous offers to assist EPA in the development of these regulations, and to respond to any questions that the Agency may have concerning the comments that we submitted.

Sincerely,

Robert J. Wardell
President
